ELECTION OF A COORDINATOR

Alan Traister has been elected coordinator of the Free University by the members present at a general meeting on July 10. A separate vote was taken in regard to Free University involvements in the issues of our times. It was voted to recommit the Free University to the principles on which it was founded. These are: radical criticism of the existing educational process and university institutions as well as identifying itself with the broad, radical critique of American Society, as embodied in the civil rights and peace movements, and from which Free Universities across the country have sprung.

GENERAL MEETING

An election for assistant Coordinator will be held at a general meeting, Sunday, July 24, 1:00 P.M. at the Co-op Meeting Room across from the Co-op parking lot, 200 California Avenue, South Palo Alto. Members and non-members are invited.
